A Common Error

The Same Mistake Is Made by Many Maine People.

It's a common error. To plaster the aching back. To rub with liniments rheumatic joints. When the trouble comes from the kidneys.

Doan's Kidney Pills cure all kidney ills. Peter McQuade, 49 Park St., Lewiston, Me., says: "I was a sufferer from kidney complaint for many years. It was worse from time to time, some of the attacks being really torture. I used plasters and various medicines but in spite of all my efforts no relief got so bad that I could not walk for any distance, and was unable to get up or down stairs. Just after I had spent five dollars for a remedy that did me no good, I learned of Doan's Kidney Pills, got a box at a drug store and began using them. In a short time they had done more for me than all the other remedies I had previously used. I am well along in years, and could hardly expect a complete cure, but I am, indeed thankful to have found a remedy that always brings relief. I keep Doan's Kidney Pills on hand all the time and take a few doses occasionally, finding that they keep me in good health."

For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York sole agents for the United States. Remember the name—Doan's—and no other.

In Maine there is a growing interest in birds. Chief among the influences which have awakened and kept up this interest in bird protection in Maine are the Audubon societies and the village improvement societies. To one who rides along country roads leading from any city, the improvement is very marked. Within the past five years all the number of bird houses and bird shelters erected in suburban Maine has increased by more than 200 per cent.

A Rainy Day in Camp.

Oh yes, we've had a rainy day. The water held the right of way and everything was damp. We must admit the roof leaked some. The walls were damp with rain. But if you think it made us grim. You'll have to guess again.

We had no stove to warm us up. Except our good blue flame. But, reinforced with bite and sup. "There are some spirits fully strung to echo" hope and mirth. We're reckoning ourselves among the choicest souls on earth.

So, though the day was dark and chill, and dismal, dim and moist, We radiated sunshine till Our very souls rejoiced. We painted pictures of our "castles built in Spain." A veritable glorious grand. Till we forgot the rain.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. The mucous lining of the Eustachian tube is inflamed, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. The cases out of ten are caused by Catarrh of the Eustachian tube, which is nothing but an inflamed condition of the mucous lining of the tube. It can be cured by the use of the CHENEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

Maine Revolutionary Soldiers' Graves.

It is claimed that one-ninth of the Revolutionary soldiers of the mother state (Massachusetts) were from Maine and they numbered over ten thousand.

Maine soldiers were at Bunker Hill and the intervening battles to Yorktown, and five hundred of them passed the "midnight of the Revolution" at Valley Forge. To perpetuate their achievements and keep green their memory, the Maine Society of the Sons of the American Revolution was organized in 1891.

It is a lamentable fact that a large percent of the burial places of these patriots of the Revolution, who did so much to give us the best country on earth, have passed beyond the realm of remembrance.

Probably not one-half of them had an inscribed headstone.

One of the principal objects of the society is to locate the graves of the soldiers of the Revolution, and others who rendered assistance in establishing American Independence, and to place on permanent record data which will keep their burial place in perpetual remembrance. This research is entirely a labor of love. The data wanted are headstone inscriptions where there is a headstone with local name of cemetery, and its location in town or city; where there is no headstone, the location of cemetery and grave, so far as known, with date of death and age.

Much good work has been done. Over 1,000 graves have been located and put on record. Much remains to be done, and the co-operation of all persons is earnestly solicited.

Personally my research along this line, covering a period of about five years, has been very gratifying. Assistance in locating the graves of our Revolutionary heroes is earnestly desired and will be most appreciated. Anyone having data though incomplete, is urged to make the information known by correspondence or otherwise.

Tasteful white marble headstones are now furnished free for Revolutionary soldiers' graves through proper application to the United States Government.

Everybody Talking About It.

Everybody is talking about the great free offer of Dr. Greene's most successful specialist in curing nervous and chronic diseases, and who discovered that wonderful medicine, Dr. Greene's Nervura blood and nerve remedy. He makes a specialty of treating patients through letter correspondence and all who accept his offer are astonished at the marvelous success of this method. His office is at 34 Temple Place, Boston, Mass., where he receives and carefully examines every letter sent to him by persons describing their cases and telling him their symptoms. After thoroughly studying each case he answers the letter, explaining the cause of each symptom and telling a sure way to get well and strong. He makes the patients understand exactly what ails them and tells them all about their complaint, and all this is entirely free of charge. They save the expense of a trip to the city, have no fee to pay, and have the benefit of the best medical advice and consultation. Here is an opportunity for you to get well, reader; you can either accept or reject it. Which will you do?

Simple Home Recipe.
Mix This Simple, Helpful Recipe at Home and Try It, Anyway.
Get from any prescription pharmacist the following:
Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.
Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.
The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism.
Some persons who suffer with the afflictions may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs. Mix some and give it a trial. It certainly comes highly recommended. It is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.
A druggist here at home, when asked, stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

WHAT IS RHEUMATISM?
Well Known Remedy That Absolutely Cures This Dread Disease.
No other disease is so painful as rheumatism. Uric Acid crystals are deposited in and about the joints, and that is called rheumatism. The only way in which this painful and dangerous disease can be absolutely cured is with Neuralgic Anodyne, a remedy that has an entirely different action from anything else.
Small doses are taken internally that reach the nerve centers and prevent the formation of Uric Acid. It is also rubbed on the affected parts, quieting and relieving the pain, reducing the rheumatic fever, and restoring health to the aching tissues and muscles.
A large sized bottle of Neuralgic Anodyne costs but 25c. and it is so successful in curing rheumatism, neuralgia, headache, toothache and relieving bruises and sprains that the proprietors, The Twitchell-Chapman Co., Portland, Me., authorize dealers everywhere to refund the money if it does not give satisfaction.
